

## December Luncheon Program

# I-270/U.S. 23 TRENCH PROJECT

Sponsored by the Central Ohio Chapter of the  
**Association of Bridge Construction and Design**

**Date:** **Tuesday, December 8, 2015**

**Location:** **LaScala Italian Bistro and Conference Center**, Caruso Room

**Speakers:** **Greg Channel** – ODOT; Project Engineer  
**Tim Cunningham** – *George J. Igel & Company*; Project Superintendent  
**Jeremy Angel** – *The Ruhlin Company*; Project Superintendent

**Program:** “The Trench” carries two northbound express lanes that bypass traffic lights at Campus View and Flint Road, spitting cars out near North Woods Boulevard. It is 25 feet deep, about 4,000 feet long and 40 feet wide. Increased population and development in Delaware County have left the I-270/Rt. 23 interchange over capacity. About 150,000 vehicles travel through the interchange each day. ODOT had to either add lanes or give drivers an alternate route. The recently completed trench does both.

This program will focus on the structural and geotechnical aspects and challenges of the projects and how they were overcome by the construction team.

**Menu:** Chicken Marsala or Beef Lasagna with Italian Salad, Ciabatta bread, chocolate or citrus cake, and tea or coffee. A vegetarian option (Penne Pasta Primavera) is also available.
